CHECKMATE

WG-01 Worm Gear Winch Technical Data Sheet

Checkmate Worm Gear Winch

The Worm Gear Winch can be used as a primary man-riding winch if used with a suitable backup and rescue device. It can also be used for materials or a combination of both up to 250kg.

20m Drum Capacity

Drum will accommodate up to 20m of galvanised steel wire.

Galvanised Wire Rope

5mm 7x19 Wire Core Right Hand Ordinary Lay.

Fall Arrest Indicator Swivel Hook

Deployment Indicator notifies if the system has been subjected to a shock load.

Winch Bracket

WG-02 winch bracket to fit Checkmate TR3 and TR2 Tripod.

Adjustable Handle

Handle length can be adjusted to increase or reduce torque.

Back Up FABXR

If using the WG-01 for manriding applications, a FABXR is the ideal back-up and rescue device.
