

**CHECKMATE<sup>®</sup>**

# LADDER EXTENSION

Ladder Safety

The Checkmate Ladder Extension is designed to attach to the top of a ladder to provide a safe and easy transition from the ladder to a raised surface. It requires no tools, drilling, or bolting to install, and is one of the most effective means of improving the safety of compatible ladders.

# LADDER EXTENSION

Ladder Safety

### Key Features & Benefits

- Safer ladder use**  
Extends 0.9 m (35") above the top of the ladder to provide a safe and easy transition to another surface
- Simple installation and removal**  
No tools or drilling required. Slide catch locks under top ladder rung on install. Tightens directly onto a ladder with thumb screws, making installations quick and easy
- Lightweight and durable**  
At just 5.6 kg (12.3 lb) it's easy to carry and transport to any jobsite, and is powder-coated for added protection and weatherproofing
